The people around here have been kept busy the past couple of weeks fighting mosquitoes. It is said that a big mosquito year is a sure sign of a big grain year. If the crop this year is in proportion to the number of mosquitoes there need be no uneasiness from any quarter.

"You will not only save your eye-sight but you will also save money if you will consult M. Needlenberg, A. M., the eye specialist, whose vast experience in Europe and on this continent enables him to render you far better service. He will again be at Higg's Pharmacy, Wetaskiwin, September 4 and 5.

In connection with the new post office for Wetaskiwin it is of interest to know that a few days ago the secretary of The Liberal Association here received a reply to his letter stating that a recommendation is before the Council for the acceptance of the lowest tender received for the construction of the building. The successful tender will be notified as soon as the order in council is received.

The many friends of Mr. and Mrs. A. E. Truettler are pleased to learn that their little daughter, Iva, who recently underwent a very serious operation in the Wetaskiwin Public Hospital for appendicitis, has so far recovered as to be removed to her home on Friday. It was a very critical case, and the parents had given up all hope of saving their daughter, but through skillful medical attendance, and careful nursing, she has been saved to them.

A terrible wind storm struck Wetaskiwin on Friday evening about nine o'clock, but no damage was done. The wind blew at a lively rate for about half an hour, and was followed closely by a heavy thunder storm. The storm came up so un-awares that many pedestrians on the streets were caught unawares. Following the hottest afternoon of the season, the precipitation was not entirely unexpected, but came up so suddenly that many were forced to run for cover.

The German Lutheran congregation has purchased the lot on the corner of McDonald and White streets, and will commence the erection of a new church this week. S. H. Reink has the contract for the work and the cost will be about \$1500. The height from the foundation to the top of the cross will be 50 feet, while the length will be 42 feet. The ceremony of laying the corner stone will take place next Sunday evening at 7.30. The church will be completed by the end of August.

DEMISE OF MRS. C. C. BAILEY

The many friends of Mrs. C. C. Bailey, knowing that she had been seriously ill for so long, were not entirely surprised on Friday last to learn that she had passed away at the hour of 8.45.

Deceased was born at Cookshire, Que. on December 17th, 1859, and was the only daughter of Mr. Craig Pope, brother of the late Hon. J. H. Pope. On June 7th, 1881, she married her bereaved husband, and to this union two sons and two daughters were born. The first-born, a son, was laid away in the family plot at the early age of three years. The other members of the family survive, namely, Edward Arthur, now of Lake Megantic and Ethel Gertrude and Doris Marjory, at home.

About three years ago the deceased was attacked with arthritis, her joints gradually becoming stiff, until on March 1st, 1910, she was obliged to take her bed and which she never left after that date. She soon became entirely helpless, and lay on her back suffering the most excruciating pains which she could not even get up after the Grand Trunk Railway. Throughout all her pain and suffering she retained that cheerful disposition which characterized her life, and in all her afflictions she maintained a true Christian spirit.

Besides her sorrowing husband and family she leaves no relatives nearer than cousins—St. H. Pope, Cookshire, and his sister, Mrs. (Hon. W.B. Ives) of Sherbrooke, Que. Geo. H. Pope, Winnipeg, right-of-way agent for the G.T.P., and Wm. Pope, Secreary, solicitor for the Grand Trunk Railway.

At ten o'clock last Saturday night, the Rev. Dr. Coard, rector of the Church of England parish of Emmanuel, at the house and conducted a most impressive and comforting service of prayer and thanksgiving in the presence of the husband, daughters and six or seven friends of the deceased lady, and the brethren of the Wetaskiwin Lodge of Free Masons and the Odd Fellows. The Parish Auxiliary was represented by the president of that body, Mrs. G. McManus. At the expense of the relatives, the service was short and no music was used, otherwise the choir of Emmanuel church would have been present.

The casket lay in the drawing room covered and surrounded by a magnificent collection of floral offerings, the brilliant electric lights lending a beautiful effect to the chamber of death. During the afternoon and evening there was a constant stream of visitors to view the body and pay their last respects to the deceased.

In her coffin she bore a singularly happy expression, all traces of suffering having passed away and giving signs of that peace and tranquility to which she had for twenty months past been a stranger. As soon as the casket was closed the solemn cortege wended its way to the station, en route for Cookshire, in the province of Quebec, where in the family lot in that quiet country churchyard her mortal remains will be laid beside those of her son, who predeceased her, and other members of the family, there to await the last great day.

Miss Ethel and Miss Doris Bailey will remain here several months, but Mr. Bailey expects to return to Wetaskiwin in the course of ten days or a fortnight. At the railway station a large crowd of sympathetic spectators assembled to view the departure of the bereaved husband and daughters, who bore up under their painful trial with wonderful fortitude. Some time ago Mrs. Bailey received the Holy Communion, and special prayers were offered up at Emmanuel church on her behalf. During her seven years residence in this city, Mrs. Bailey took an active part in every movement for the benefit of the Church of England, and both Mr. Bailey and his daughters are regular attendants at the services, taking their share in assisting every movement having for its aim the development of Church of England work in our midst. Miss Doris Bailey was confirmed under the present rector and was a regular member of his bible class and both she and her sister did not miss a single week day service until the departure of Mrs. Parker, when they had to take their part in nursing their mother. Until they return to Wetaskiwin they will be much missed, both in church and local social circles. If sympathy can lighten the burden of their sorrow, Mr. Bailey and his family will be glad to hear they have it in its most sincere form.

CARD OF THANKS

Mr. C. C. Bailey and family wish to thank their many friends for their great kindness to the late Mrs. Bailey during her long and painful illness and for timely assistance and sympathy during their late bereavement.

Bulletin No. 14, entitled "Horse Breeding and Cattle Raising" has been recently issued by the Live Stock Branch. The series of chapters comprising the pamphlet aim to present to farmers such practical suggestions and information regarding the subjects discussed as may be of readily available assistance to them in their breeding operations. Copies may be obtained by making application to the Live Stock Commissioner Department of Agriculture, Ottawa.

RACING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-lives"

SHAWLEY, Ont., Sept. 23rd, 1910.
"You certainly have the Greatest
discovered Headache Cure in the world.
Before 'Fruit-a-lives' came before the
public, I suffered tortures from head-
aches caused by Stomach Disorders."
"One of your travellers called on me
when I had one of my raging head-
aches and had my head almost raw from
external applications."

"I hated to see any person coming
into the store (much less a commercial
traveller) and I told him very curtly
that I had a headache but he insisted on
my trying 'Fruit-a-lives'."

"I did so, with what I would call
amazing results. They completely cured
me and since then (nearly six years
ago) it is only necessary for me to take
one occasionally to preserve me in my
present good health. I was 65 years old
yesterday and have a general store
keeper at the above address for twenty-
five years."

KILLAM

One of the storms which recently
passed over this section did considerable
damage to the buildings on the
farm of J. P. Simcox, near here.
Their new granary was turned com-
pletely over by the wind and in a
total wreck, two new racks were
washed into kindling, doors were torn
from the sheds and potatoes uprooted.
Mrs. Simcox attempted to get to
the horses but was thrown against
the house. She thought she saw a
bi-plane floating by, but it proved to
be the roof of the granary which was
carried about three hundred feet.
Granaries belonging to their neigh-
bors were also damaged.

IS YOUR NAME ENROLLED?

The newspapers have been reporting
omissions on the part of enumerators
of the census, especially in the large
cities of the Dominion, and notwith-
standing the care of the Census Of-
fice to enjoin a performance of ac-
curate and full work on the part of
enumerators it is possible that in
some instances persons and even fam-
ilies have been named over. It is
known at the office that many re-
ports of omissions are without founda-
tion and that generally the enumera-
tion has been well and fully made,
although it is yet too early for a final
decision. The fact is that the cen-
sus of a district or enumeration area
was often not completed when com-
plaints were first publicly made.
The Census Office earnestly desires
that the name of every man, woman
or child in the country, as well as
all other information called for in
the schedules, should be recorded as
statute and the instructions require.
But lest there should be an inadver-
tent omission on the part of any en-
umerator, the office respectfully in-
vites the co-operation of the public
for the completion of a full census.
To this end persons who believe or
suspect that they have not been taken
en are asked to notify the Chief Of-
ficer, at Ottawa, giving their names,
post office address, street and num-
ber if residing in cities, towns or
villages, or concession and number of
lot if residing in country places. Let-
ters containing information of this
nature are postage free, and if it is
found that such persons have not
been enumerated in the returns made
to the Census Office, means will at
once be taken to remedy the defects
through the local officers of the Cen-
sus who are employed in the work
and who are responsible if any mis-
takes have been made, in their re-
spective enumeration areas.

FOR CONSTIPATION

A Medicine That Does Not Cost Any-
thing Unless It Cures

The active medical ingredients of
Rexall's Cathartic, which is odorless,
tasteless and colorless, is an entirely
new discovery. Combined with other
extremely valuable ingredients, it
forms a perfect bowel regulator, in-
testinal invigorator and strengthener.
Rexall's Cathartic is eaten like candy
and is notable for their agreeable-
ness to the palate and gentleness of
action. They do not cause griping or
any disagreeable effect or inconvenience.

Unlike other preparations for a like
purpose, they do not create a habit,
but instead they overcome the cause
of habit acquired through the use
of ordinary laxatives, cathartics and
harsh physic and permanently remove
the cause of constipation or irregular
bowel action.

We will refund your money without
argument if they do not do as we
say they will. Two sizes 25c and 10c.
Sold only at our store—The Rexall
Store, H. L. Higgs.

DROWNED AT LAMERTON

Report has been received from Lam-
erton of the drowning of William
Smith, a young fellow employed by a
farmer named Drost, who occupies
section 24-11-25. On Sunday, 18, Drost
was in the lake with Smith, when
the latter remarked that he thought
he would have a swim and left. As
he did not return by 7 p.m. Drost
searched the shore of the lake, but
found no trace of clothing or any-
thing to indicate that Smith had met
with an accident. As, however, he
had not returned on Tuesday the po-
lice were notified, and a constable
came from Alx. A careful search
resulted in the discovery of the cloth-
es not more than one hundred yards
from the house.

It is worse than useless to take any
medicines internally for muscular or
chronic rheumatism. All that is need-
ed is a free application of Chamber-
lain's Liniment. For sale by dealers
everywhere.

Nerves

**Were A Wreck.
Could Not Stand The
Least Noise**

Miss Florence H. Perry, Courtland,
Ont., writes:—"I wish to write you a
short letter telling you of the help I
received from one of your Williams'
Heart and Nerve Pills. A year ago my
nerves were a real bad wreck and was so
nervous I could not stand the least
noise. My sister had taken your pills
and advised me to give them a trial.
I took three boxes and saw they were
helping me so I kept on taking them until
I had used five boxes, and I can say in
true words that I am strictly cured."

To anyone troubled with their heart or
nerves we would strongly advise them
to take a course of our Heart and Nerve
Pills as we feel confident that they
will do them a world of good.

If your druggist or dealer does not
keep them, we will mail them direct on
receipt of price—50c. per box or 3 boxes
for \$1.25.

CASH BUYING, CASH SELLING, QUICK SALES,
AND SMALL PROFITS IS OUR MOTTO

THAT ARTFUL OSS.

Dodges Which Have Made Army
Charges Celebrated.

The army horse is diplomat. If
not positively artful, and one could
fill pages with anecdotes of him.

One old chap, nicknamed "The Day
after Tomorrow," because he was
never anxious to associate with
with the day's routine, but would
have much preferred to put it off, was
right down clever.

The exercises of the morning did
not appeal to him in any way, and
so he was always absent from par-
ticipation in them on account of an
artful habit of suddenly appearing
late. The Roman Riding drill in-
structor was absolutely deceived by
this clever old horse. Immediately
he was safely outside the riding
school, he would run to his stable
without the slightest trace of foot
trouble.

To tell the time is a new feature
in equine education, but this was a
feat for which another knowing old
horse was responsible. By looking
out of a little window just above his
manger, he could see the church
clock, and he acquired his informa-
tion in consequence of a habit indulg-
ed in by his groom of jumping upon
the manger to see how near feeding
time it was.

A new groom was substituted later
on, and as he was unacquainted with
the "modus operandi" of his predeces-
sor, he did not jump upon the manger
to look at the clock. This remissness
thoroughly disconcerted the old horse.
When it was nearing one o'clock, the
normal would become restless and
straining his neck, would look through
the window to get a glimpse of the
clock. Just on the tick of the hour
he would have a final look, and in
pure desperation would commence
sawing, scraping, and kicking. The
other horses, taking the cue from him,
would join in the business until the
stable was a veritable pandemonium.
Immediately the trumpeter would
sound "Feed" the commotion would
cease.

A notorious old thief was "Rag and
Bones." It is generally supposed he
acquired this nickname through a
propensity for larceny. He would tear
the shirt off a groom's back in a jiffy,
and he was in no way particular as
to how much of the unfortunate fel-
low's anatomy he was detached with
it. His specialty, however, was in
robbing spare mangers of their con-
tents when nobody was about. He had
a queer knack of slipping his head-
stall and going upon a piratical ex-
pedition, and anything in spare man-
gers was duly observed and disposed
of. If he heard footstep, he would
immediately relinquish his burglar-
ing, and stealthily you might say on
tip-toe—back to his stall. This was
a fine art with "Rag and Bones."

He would purloin anything while
Tommy was indulging in forty winks.
One afternoon he added to his
stomach's contents a couple of old
shirts, a bag of a few discarded
socks, half a bath-tub, a lump of
beeswax, a steel burner, a few
required candle-nuts, nearly half an
ounce of Irish twist, an old day pipe,
and a box of matches.

Another artful rogue, known by
"Tommy" as "The Old Soldier," was
gifted with the strategy of a "fighting
general," because of a strong aversion
to the riding school. His tactics
were to turn suddenly into the centre
of the school, duck his head down be-
tween his knees, double himself up
like a cricket ball, and slip the rider
over his neck as gracefully as an acro-
bat performing in a circus. He could
all with unerring instinct when he
had a recruit on his back. As repetition
of this trick would release him from
the fatiguing exercise, and finally
he was sent home to his stable.

Binds More. Sheaves with Less Twine

Plymouth Binder Twine is made
right. It works smoothly, ties
properly, and the last of the hay
feels as freely as the first. No knots

Wetaskiwin Prize List Of Fair

Tuesday-Wednesday, Sept. 26-27

Announcement

The Wetaskiwin Exhibition has during
the past few years grown to be one of the leading
fairs in the province, and this year will see
even greater advances than ever before.

The grounds have been greatly improved and
increased accommodation for live stock has been
provided by the erection of another large horse
barn and 500 feet additional cattle shedding.

Expert judges will be provided to judge all
classes so that the exhibitors can rest assured
that they will get a square deal.

Special arrangements have been made for re-
duced freight and passenger rates on all lines.

Horse racing, baseball athletic events, band
concerts and other forms of amusement will be
provided.

For entry forms, extra copies of this prem-
ium list or further information write the sec-
retary.

LEWISVILLE

A social will be given in the Scan-
dinavian church at Lewisville on Sat-
urday evening, August 31. Refresh-
ments, including ice cream and cake,
will be served. A good program will
be prepared. A cordial invitation
is extended to all to be present and
have a good time.

The Wetaskiwin baseball team went
to Allan on Tuesday and defeated
a defeat to the crack team of that
town. It was a good game through-
out, the score at the seventh inning
being 4 to 4. The Wetaskiwin boys
by timely hitting, won out, the score
being 7-4.

STANDING IN THE COMPETITION

The Terrible Pains of INDIGESTION

Mr. W. H. MacEwen, Mount Lygon,
P.E.I., writes: "For more than a year
suffered with all the terrible pains of in-
digestion, and my life was one of the great-
est misery. It did not seem to me any
difference whether I ate or not, the pains
were always there, accompanied by a
nauseating and aching of the wind. I had
even got relief at night, and sometimes
made a bit of sleep. In my misery I
tried many remedies said to cure indigestion,
but they did me not one particle of good,
and I fully expected that I would always
be afflicted in this way. At this time
I received a box of MILBURN'S LAXATIVE
PILLS, and got a few trials. By the
time I had taken one trial I began to
improve and could eat with some relief. I
was greatly amazed, and continued taking
the pills until all traces of the trouble had
disappeared, and I could once more eat all
kinds of food without the slightest incon-
venience. I am so firmly convinced of their
virtue as a family medicine I have
no hesitation in recommending them."
Milburn's Laxative Pills are 25c. per
box, or \$1.00 for all dealers. Send for

CROP BULLETIN

July 12.—A bulletin on the crops and live stock of Canada is issued today. The condition of the field crops of Canada for the month ending June 30, as compiled in the Census and Statistics Office from the reports of a large staff of correspondents, is on the whole quite satisfactory although on account of uneven rainfall it is not uniform for all the provinces. Even in parts of the same province, as in Ontario, there is a considerable inequality. For the most part in that province excellent reports are made, but there are districts in which the grains and hay have been badly affected for want of rain in May and June.

For the whole of Canada the condition of winter wheat is only 75.25 per cent. as compared with 190 for a full crop. This is ten per cent. less than last year, two per cent. less than 1909 and nearly 14 per cent. less than three years ago. In Ontario it is only 73 per cent. of a full crop, as compared with 94.29 last year, 78.60 in 1909, and 88 in 1908. In Alberta the only other province in which winter wheat is grown, the condition this year is 83.22 per cent., compared with 63.62 in 1910, 63.65 in 1909 and 95 in 1908. Spring wheat in all the provinces this year is given the high average condition of 94.78 at the end of June, which is better than in 1910 by 12.62 per cent., better than in 1909 by eight per cent., and better than in 1908 by nearly 15 per cent. Ontario and British Columbia are the only provinces in which the conditions are under 90, and in Saskatchewan and Manitoba it is close to 100. The average for barley is 93, which is six to ten per cent. better than in the preceding three years. It reaches close to 95 in the Northwest provinces, Prince Edward Island and New Brunswick, and over 90 in Nova Scotia and Quebec, a point below 90 in Ontario and only 84 in British Columbia.

Rye, peas and mixed grains are given a condition of about 90 for the Dominion, and are higher than in any year beginning with 1908. Hay and clover and alfalfa are both below last year's condition and pasture is a point higher. In the three Northwest provinces the condition of pasture is over 100.

The feature of late cereals is the increase of area in flax, which is nearly 300,000 acres more than last year. The largest increase of flax is in Saskatchewan, where the crop in recent years has grown into great favour.

The numbers of live stock do not show much change from last year, but their condition at the end of June is very satisfactory. All classes are within less than two points of 100, and an excellent uniformity is shown throughout all the provinces.

CHANGE OF NATIONAL ANTHEM

A change has been made in the National Anthem. In these days when the world is at peace, the old verses of the anthem is said to have struck the King as sounding a somewhat discordant note. It runs:

Oh Lord, our God, arise,
Scatter his enemies,
And make them fall:
Confound their politics;
Frustrate their knavish tricks,
On him our hopes we fix,
O save us all.

That verse has now been replaced by the following, written by Dean Holt and breathing a more peaceful spirit:

Oh Lord, our God, arise,
Scatter his enemies,
Make war to cease,
Keep us from plague and death;
Turn Thou our woes to mirth,
And over all the earth
Let there be peace.

This alteration has been specially sanctioned by King George, and is therefore of national importance, seeing that it is now likely to be universally followed.

ALBERTA GIVES HANDSOME CUP

Edmonton, Alta., Can., July 22.—Hon. Duncan Marshall, Minister of Agriculture, has notified the managers of the International Dry-Farming Congress, which meets at Colorado Springs, October 16, that the Province of Alberta will give a \$100 trophy cup as one of the premiums at the Dry-Farming Exposition.

The cup will be awarded for the best exhibit of farnap crops and grasses made by any county or district, and is open to the world's competition. It will be a handsome affair of sterling silver. Canada took the grand acceptance prize at the Dry-Farming Congress Exposition last year.

Agricultural practices known as "dry-farming" are beginning to be universally used in this part of Canada, where the farmers are plowing deep and summer following.

IN CASE OF ACCIDENT

Few people realize the importance of knowing what to do in case of accidents, such as drowning, stroke, scalds, burns, etc. Here are some of the simpler rules given by the best authorities, which it will be well to remember:—

Drowning

Loosen the clothes at once and empty the lungs of water by laying the body on its stomach and lifting it up by the middle arm and the head hangs down. Pull the tongue forward, using a handkerchief if necessary. Imitate the motion of respiration by alternately compressing and expanding the lower ribs about twenty times a minute. Alternately raising and lowering the arms from the sides up above the head will stimulate the action of the lungs. Apply warmth and friction to the extremities. By holding the tongue forward, closing the nostrils and pressing the "Adam's apple" back so as to close the entrance to the stomach, direct inflation may be obtained. Take a deep breath and insert it forcibly into the mouth of the patient, compress the chest to expel the air and repeat the operation. Above all, do not give up. When the patient begins to breathe, place him in a warm bed and give him warm drinks.

Struck by Lightning

When a person is struck by lightning one of the remedies is to dash cold water upon him.

Stomach-ache

Loosen all the clothing and place the patient in the shade as rapidly as possible. Apply ice cold water to the head.

Scalds and Burns

The most efficient remedies for burns and scalds are white of egg and olive oil or 1 part oil, either plain or mixed with chalk or whiteing. The burned parts may be covered with cooked oil, over which are laid wet clothes.

The cord tightly above the wound must be loosened and cut with a caustic or red-hot iron at once; or cut out the wound parts with a sharp knife.

Stings of Insects

For stings of venomous insects apply weak ammonia, oil, salt water or iodine.

Fainting

Place the patient on his or her back, allow plenty of fresh air and sprinkle with water.

To Determine Death

Hold a mirror to the mouth of the patient. If there is life in the body moisture will appear.

Keep Bandages Handy

Every family should keep on hand for emergency calls, two or three rolls of bandages of different widths. These are best made of old sheets. These are most easily rolled by stretching the strip on a long taut line. The rolling then is smooth and rapid. These rolls should be kept where each member of the family can find them without a moment's delay.

The Royal Welsh Ladies' Choir, who left Cardiff last September for a tour through Canada and the United States, upon returning to their home some time since, express themselves as delighted with the way they were received and what they saw. The leader said, in part: "Western Canada, in particular was a revelation to us. People on this side have no conception of the magnificence of the country and the possibilities of it for young men. Everywhere we found people who had gone out from here holding responsible positions and it really made us wonder that the rich Canadawards is not greater than this."

A. J. Berry, a colored porter for a hotel at Alexander Bay, Thousand Islands, died Saturday, leaving an estate of \$100,000 obtained through investing tips.

SPECIAL TO THE TIMES

Ottawa, July 21.—A new feature of the anti-reciprocity campaign is evidenced in the efforts made to drag Hon. Mr. Haultain, the leader of the Opposition of the Provincial ranks. Prior to Mr. Borden's western trip Eastern interests were busily predicting that Mr. Haultain would be required to swallow himself up in some opposition to the policy of tariff relief. Whatever the plan then was it was evidently unsuccessful. As a result Mr. Haultain is now being annihilated by the anti-reciprocity and Conservative press.

The Toronto News, which advertises itself in the big eastern cities as "the chief advocate" of the anti-reciprocity interests, in its issue of July 14, in an article dealing with the Saskatchewan situation endeavors to insinuate that the Opposition leader in the Provincial House and his supporters were secured to approve of tariff relief by some secret and disreputable influence. Says the article: "On the very day on which the resolution was to be brought up, a short time before the House met, Mr. Scott sought an interview with Mr. Haultain. He took place at it is unknown, to Conservatives at least, Mr. Haultain emerged from the interview, collected his followers about a quarter of an hour before the debate was due to begin and to their consternation announced that he would not move the amendment, that instead Mr. Scott would amend the resolution in one or two particulars, and that the party was to vote for the resolution so amended. There were no explanations."

The insidious effort to cast discredit upon Mr. Haultain and the Conservatives of Saskatchewan, who refused to play into the hands of the corporate anti-reciprocity interests by sacrificing the masses of the western producers, and subsequently refused to be dragged into "line" at the hands of these interests, throws another significant light on the character of the campaign which is being waged against tariff relief for the masses. It has been charged, in the Liberal press that the United States trusts, which were shown to have conspired at Washington, are now directing their capital and energies to defeating the pact in Canada.

Council Minutes

A special meeting of the council was held on Friday afternoon last to consider the applications for the position of assistant in the city of ed. All the members with the exception of Ald. Chandler were present.

The following applications for the position were read: From Walter Wait, P.W.P. Golightly, Ida. Henry C. Kealy, A. E. Wynne, D. McLean, and Ethel Mann.

It was moved by Olin-Angus-That the application of Miss C. Kealy, of Medicine Hat be accepted, with Mr. Wait, of Calgary as second choice. Meeting adjourned.

The regular meeting of the City Council was held on Tuesday evening with all present except Ald. Olin. Minutes of last regular and special meetings read and adopted.

Communications

From H. Whitehead, fire chief, re the necessity of having fire escapes placed on the Alexandria school. MacEachern-Chandler-That the letter be referred to the school board. Carried.

From P. E. Chandler, secretary of public school board, stating that the demand for school purposes was \$15,000. Letter filed.

From city of Edmonton re the purchase of 600 feet of western copper wire. MacEachern-Wagner-That the matter be referred to the committee to confer with Mr. Taylor. Carried.

From S. J. Youngberg, complaining of the manner that was being dumped near his home in violation of the by-laws. After a discussion in which it was pointed out that it did not comply with the law, it was moved by Chandler-Ellis-That the police be instructed to see that manure be placed in no other place than the nuisance grounds. Carried.

From Medicine Hat Fire Brigade offering a fire wagon for sale at a bargain. The matter was referred to the fire committee to take the matter up with the chief.

From Hawk Collieries, offering the sale of a boiler for the sum of \$1225. The letter was filed.

A petition for a sewer line along Dickson Ave. from Davies' corner to Sheriff Dickson's corner was presented. MacEachern-Chandler-That request be granted, and the matter left with

the waterworks and sewers committee to carry out the work. Carried.

A petition for a sidewalk on Lanesdowne street, Edward street and 200 feet on Pease street, signed by F.L. Talbot, T. A. Angus, A. Emerson and V.A.K. Scott, was referred to the public works committee.

Mr. Harris addressed the council re his assessment, claiming that he did not receive his court of revision notice until after the court was concluded, and that he was assessed altogether too high, and was not given an opportunity to appeal. On motion of MacEachern-Wagner-That the matter be referred to the finance committee to confer with the solicitor.

A petition for a sidewalk on Rosehill and Leonard streets, signed by W. H. Morris and Jas. Henderson was granted.

Ald. Ellis on behalf of the light committee reported that having considered the tenders for the supply of oil, recommended that 90 per cent. of the oil for the power house be purchased from the Imperial Oil Co., and the remainder where the engineer deems advisable. Ellis-Chandler-That the report be adopted. Carried.

Ald. Wagner, chairman of the cemetery and parks committee recommended that D. A. Sharpe be placed in charge of the cemetery and that he have the grass cut, and take same for his services. Wagner-Angus-That report be adopted. Carried.

Ald. Wagner also recommended that the matter of cutting hay on the agricultural grounds be left with Mr. McPhail, and that the hay be stacked in a suitable place for the use of the city team. Wagner-Chandler-That the report be adopted. Carried.

Ald. Chandler reported that, having conferred with the stock men in the city, his committee was of the opinion that the revenue from a set of stock scales at the yards would not warrant the investment at the present time. Chandler-Ellis-That the report be adopted.

From W. L. Crane, re the purchase of automatic valves. After consideration Mr. Crane was instructed to purchase at the best price.

J. H. Knight, architect, who was present was then called upon to present the plans for the alterations he would suggest for the fire hall. He went thoroughly into the question, pointing out the best manner of making the alterations, and giving the approximate cost. He suggested, however, that a new and separate building be erected, about 32 x 55 feet, which would give the city a commodious council chamber, up-to-date and convenient offices and ample vault accommodation. This could be done at only a slightly increased cost over the cost of renovating the old building, which was really entirely required for the purposes of the fire brigade. The matter was discussed on the motion of Chandler-MacEachern-That the matter be referred back to the committee.

Ald. Chandler then referred to the recent disturbances that had taken place in the city, and moved, seconded by Ald. Ellis, that the mayor appoint a special committee to investigate into the matter and report at next meeting. Carried. The mayor appointed as the special committee the police committee.

The following accounts were then passed for payment: Electric light, \$70.12; waterworks and sewerage, \$73.12; general \$1427.45; pay roll-general \$251.10; waterworks and sewers, \$369.47; public works \$233.08.

The estimates for the year were then considered and the rates were struck. The estimated amounts required by the various committees were as follows: Finance \$11,829.52; fire and water \$2425; light \$6235; cemetery and parks 150; health and relief \$2746; public works \$6694.46; police, market and license \$2675; debtors, \$12,325.30. The summary of the amounts is as follows: General- \$25,685.76 to be raised from an asset of \$2,299,587 making the rate 11.11 mills; debtors-\$11,818.31 to be raised from an asset of \$2,299,586, making the rate 5.1 mills; public school-\$18,720 to be raised from an asset of \$2,412,415 making the rate 7.71 mills; separate school-\$1564 to be raised from an asset of \$351,135, making the

rate 4.1 mills. The rate for this year is therefore 24.1 mills for public school preparators and 21.1 mills for separate school preparators.

Notice of motion being waived, by law No. 194, providing for the levying and raising of taxes for the current year was read three times and finally passed.

Tenders for the labor on the cement walks were then read as follows:

R. Etchakow's, 10c. per square ft. and 1c. per lineal ft. for curbs and gutters.

Scott Bros., 12c. per square ft. and 1c. for gutters.
